SUNNY DAYS AT SUNNYSIDE SPORTING CLUB UNDER THE STRONGER COMMUNITIES PROGRAM.

The Sunnyside Horsham Sporting Club is in for a security, lighting and kitchen upgrade after their success under Round 3 of The Federal Government's Stronger Communities Program.

Federal Member for Mallee, Andrew Broad says the sports club is one of four sporting clubs with approved funding under the program so far.

The club will receive a \$12,549 grant with the total project amount estimated at \$27,608.

"The Stronger Communities Program is all about building the kinds of communities our children and their children want to grow up and live in, and sports clubs in particular are a lifeline in regional communities," he said.

Under the project both external and internal exit and security lights will be upgraded to enhance safety for patrons at night as well as upgrading kitchen equipment and the stove.

"This security and lights component of this project will ensure the community are able to utilise facilities at the sports club in the evenings for bowls and other functions."
