### LIONS CLUB FUNDING IN WARRACKNABEAL

Federal Member for Mallee, Andrew Broad has announced the Warracknabeal Lions Club will be able to upgrade their animal and bird cages at the local Fauna Park thanks to the Federal Governments Stronger Communities Program.

Under Round 3 of the program the local group are set to receive a \$11,000 grant for the \$24,200 project.

“The Lions Club will be upgrading the current animal and bird cages at the Fauna Park which are home to kangaroos, goats, guinea pigs, peacocks and many more,” he said.

“This community based project will boost visits to the park not only by tourists but encourage local community members to spend time outdoors at the local park too.”

“The funding will also help replace a storage shed at the back of the bird cage, and go toward extending the watering system throughout the park.”

Mr Broad said after operating in the Warracknabeal community for over 50 years some parts of the park are in dire need of repair.

“The Stronger Communities Program is about building communities that will continue to flourish for years to come, and continue to be the kind of communities our children and their children want to stay in,” he said.

“I’m pleased to see the program helping out the local Lions Club who do so much in the Warracknabeal community to make it such a wonderful part of the Mallee to live.”
