LAST CALL FOR THE NATIONAL FARMERS FEDERATION 2030 LEADERS PROGRAM

Federal Member for Mallee, Andrew Broad has called on budding leaders in the agriculture field to apply for the Nation Farmers Federation (NFF) 2030 Leaders Program before it closes in two weeks.

“Anyone interested in playing a lead role in agriculture and its future direction is encouraged to have a go and apply,” Mr Broad said.

“We need passionate leaders to take this growing industry where it needs to go, anyone over 18, involved in agriculture, with a drive to be a leader and make a difference can apply.”

With the NFF looking to make agriculture a \$100 billion dollar industry by 2030 it is essential that new ideas from farmers and others across the agriculture supply chain are harnessed so that the sector can reach its full potential.

“Agriculture is the backbone of so much we do in Australia, and especially here across the Wimmera Mallee and Mildura regions. New ideas and new technologies are constantly boosting our economy and the region; it would be fantastic to see some locals apply for the program.”

Applications are open via <http://www.nff.org.au>

Applications close 31 July 2018.

The NFF 2030 Leaders Program is made possible by the Department of Agriculture and Water Resources’ Leadership in Agricultural Industries Fund.
